HOPE

TRUE WIRELESS HEADPHONES

We believe music is uplifting and gives us hope. If you're feeling blue - this little beauty is just the thing to have. A dash of an amazing sound experience, a drop of 30 hours of battery life and blended with beautiful Swedish design. Our Happy Plugs Hope wireless earphones arrive with Biomaster lifetime antimicrobial technology, an incredibly effective way to stop the growth of harmful bacteria up to 99.99%. Put them in, shake your head to the music and give your life a soundtrack. How good does that sound? Just as good as a life filled with hope and love.

- ▶ Lifetime Antibacterial Protection
- ▶ Full Media Controls
- ▶ Works on All Devices
- ▶ Fast Charging with USB-C
- ▶ Exceptional Phone Calls
- ▶ Four Microphones
- ▶ Adjustable Fit

Features and Benefits

ANTIBACTERIAL READY

Our Hope Earbuds comes with Biomaster antimicrobial technology, an incredibly effective way to stop the growth of harmful bacteria up to 99.99%.

UP TO 30 HOURS BATTERY

You're on a sunny walk through the city listening to your favorite songs and the battery runs out. That should never happen. The Happy Plugs Hope provides 6 hours of wireless battery life in a single charge and 30 hours in total with the storage and charge case. A 10 minutes quick charge will give you another 45 minutes of usage.

4 X MICROPHONES

With double microphones on each earbud and with ENC (Environmental Noise Cancelation) technology the Hope delivers a great video and voice call experience.

CUSTOMISABLE FIT

Who said they won't fit? We know that ears come in many shapes and sizes, that's why we added an extra pair of sleeves for that perfect fit. We just wanted to ensure an optimized and secure fit for your ears.
